The School

The School is a place where ideas are exchanged and explored in a safe and nurturing environment. It is a place where students can develop their talents and passions, and where they learn to think critically and creatively. The School is dedicated to providing a high-quality education that prepares students for success in the 21st century and beyond.

The faculty and staff are committed to creating a positive and supportive learning community. They work together to ensure that each student receives the attention and support they need to achieve their full potential.

The School promotes a culture of empathy, respect, and kindness. Students are encouraged to be good listeners, to express their ideas respectfully, and to work collaboratively with their peers.

The School believes in the power of education to change lives. We are proud to serve our community and to help our students realize their dreams.

The School is located in a beautiful and accessible setting, surrounded by natural beauty and rich cultural resources. We are committed to providing a safe and secure environment for our students, and to fostering a sense of belonging and community.

The School offers a wide range of programs and activities, designed to meet the needs of all students. We offer courses in academic subjects, as well as in arts, music, sports, and other extracurricular activities.

The School is committed to ensuring that all students have access to a high-quality education, regardless of their background or circumstances. We are dedicated to creating a diverse and inclusive community, where all students are valued and respected.

The School is proud to be a part of the wider community. We work closely with parents, teachers, and other stakeholders to ensure that our students are prepared for the challenges of the future.

The School looks forward to welcoming new students and families, and to working together to create a bright and hopeful future for all.
Dear Readers,

We would like to thank those who have helped us in the production of The Medallist. First, the staff and faculty members who have worked so much in the production of this publication. Next, the Admin. Staff of the school who have worked throughout the year.

Dear Girls,

We appreciate your help and the support you have given us in all our work.

We also wish to thank our teachers for their cooperation and support.

9A CLASS NOTES  L & R  DC

Parody on the Boree Loc.

I’m back from the world of poetry, where I’ve been

swimming in the mists of my own creation.

But now I’m back to the world of prose,

where the words come easier.

I’ll write and I’ll write and I’ll write

until my fingers bleed and my brain

begins to crack like a dry lake bed.

But I’ll keep on writing, for I love it,

and I’ll keep on living, for I love life.

So here’s to the world of prose,

where the words are free and the skies are blue.

CLASS NOTES

At the end of the school year, the class made a special project to create a class yearbook. Each student was assigned a page, and we were responsible for designing and decorating our page. The theme was "My Favorite Memory," so we chose to depict a memorable moment from our school year. The project was a huge success, and everyone was proud of their contributions.

17A
CLASS NOTES

During the year, we participated in various extracurricular activities such as the school plays, sporting events, and community service projects. We learned valuable life skills and made lifelong friendships. We also had the opportunity to visit different countries and learn about their cultures during our field trips. These experiences开阔ed our minds and sparked a love of learning that will stay with us for years to come.

16
CLASS NOTES

During the month of October, we celebrated Halloween by dressing up in costumes and participating in the school-wide parade. It was a fun and festive event that brought the school community together.

15
CLASS NOTES

On the last day of school, we had a special assembly to celebrate our achievements and recognize our efforts. The principal spoke highly of our progress and encouraged us to continue working hard in the future.

14
CLASS NOTES

The last day of school was filled with goodbyes and memories. We said our final goodbyes to teachers, friends, and the building itself. We were excited for the summer break but also a bit sad to leave.

13
CLASS NOTES

The summer months were filled with fun activities such as traveling, camping, and spending time with family. We took advantage of the warm weather to play outdoor games and enjoy the outdoors.

DEAR GRANTS,

The annual speech of the Owatonna school was held in the auditorium on May 24th. The theme of the speech was "The Future of Education." The speaker, Mrs. William, discussed the importance of education and how it has evolved in recent years. She also highlighted the role of technology in education and the need for continuous learning.

After the speech, the annual school ball was held, attended by students, faculty, and parents.

HOCKEY'S THE GAME

Forty-love! Forty-love! Forty-love! Thirty all! That's how it went. Each point we scored was a victory, and each point our opponents scored was a defeat. We were on cloud nine, feeling invincible. The crowd, a sea of supporters, roared with every shot we took, their cheers echoing throughout the stadium. We were the champions, the kings of the court. We had proved our worth, our determination, our resilience. We had fought hard, and we had emerged victorious.

The game was a battle of wills, a test of skill and strategy. We had trained hard, every day, every hour, every minute. We had sweated, we had bled, we had given our all. And in the end, it had paid off. We had come out on top, and we had done it together. We were a team, and we were invincible.

The trophy was ours, the glory was ours, the triumph was ours. We held it high, waving it in the air, our faces beaming with pride and joy. We had done it, and we were proud of ourselves.

The crowd, still沸腾 with excitement, cheered us on as we walked off the field, our heads held high. We were champions, and we weren't done yet. We would keep fighting, keep striving, keep pushing ourselves to be the best we could be. For us, nothing was impossible.
